## TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Page 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4<sup>th</sup> revised Page 14 cancels the 3<sup>rd</sup> revised Page 14.
- C. **Paragraph Numbering Sequence** - There are various levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
  - 2.1
  - 2.1.1
  - 2.1.1.1
- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (\*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Commission.

## 2 RULES AND REGULATIONS

### 2.1 Undertaking of the Company

The Company undertakes to furnish switched or dedicated access communications service pursuant to the terms of this tariff.

### 2.2 Obligations of the Customer

#### 2.2.1 The Customer shall be responsible for:

2.2.1.1 The payment of all applicable charges pursuant to this tariff;

2.2.1.2 Reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations, or by fire or theft or other casualty on the Customer's premises unless caused by the negligence or willful misconduct of the employees or agents of the Company.

2.2.1.3 Providing at no charge, as specified from time to time by the Company, any needed space and power to operate the Company's facilities and equipment installed on the Customer's premises.

2.2.1.4 Complying with all laws and regulations regarding the working conditions on the premises at which the Company's employees and agents shall be installing or maintaining the Company's facilities and equipment. The Customer may be required to install and maintain the Company's facilities and equipment within a hazardous area if, in the Company's opinion, injury or damage to the Company's employees or property might result from installation or maintenance by the Company. The Customer shall be responsible for identifying, monitoring, removing and disposing of any hazardous material prior to any construction or installation work.

## 2 RULES AND REGULATIONS (continued)

### 2.2 Obligations of the Customer (continued)

#### 2.2.1 The Customer shall be responsible for: (continued)

2.2.1.5 Complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of the Company's facilities and equipment in any Customer premises for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company.

2.2.1.6 Making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer. No allowance for interruptions in service will be made for the period during which service is interrupted for such purposes.

2.2.2 With respect to any service or facility provided by the Company, the Customer shall indemnify, defend and hold harmless the Company from all claims, actions, damages, liabilities, costs and expenses for:

2.2.2.1 Any loss, destruction or damage to property of the Company or any third party, or injury to persons, including, but not limited to, employees or invitees of either the Company or the Customer, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invitees; or

2.2.2.2 Any claim, loss, damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer.

## 2 RULES AND REGULATIONS (continued)

### 2.2 Obligations of the Customer (continued)

2.2.3 The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The connection, operation, testing, or maintenance of such equipment shall be such as not to cause damage to the Company-provided equipment and facilities or injury to the Company's employees or other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

2.2.4 The Company's services (as detailed in this tariff) may be connected to the services or facilities or other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs or contracts which are applicable to such connections.

2.2.5 Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in this tariff for the installation, operation, and maintenance of Customer-provided facilities and equipment that is connected to Company-owned facilities and equipment.

### 2.3 Liability of the Company

2.3.1 In view of the fact that the Customer has exclusive control over the use of service and facilities furnished by the Company, and because certain errors incident to the services and to the use of such facilities of the Company are unavoidable, services and facilities are furnished by the Company subject to the terms, conditions and limitations herein specified:

## 2 RULES AND REGULATIONS (continued)

### 2.3 Liability of the Company (continued)

#### 2.3.2 Service Irregularities

2.3.2.1 The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of the Customer, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the service or facilities affected during the period such mistake, omission, interruption, delay, error or defect in transmission, or failure or defect in facilities continues after notice and demand to Company.

2.3.2.2 The Company shall not be liable for any act or omission of any connecting carrier, underlying carrier or local exchange Company except where Company contracts the other carrier; for acts or omission of any other providers of connections, facilities, or service; or for culpable conduct of the Customer or failure of equipment, facilities or connection provided by the Customer.

## 2 RULES AND REGULATIONS (continued)

### 2.3 Liability of the Company (continued)

#### 2.3.3 Claims of Misuse of Service

2.3.3.1 The Company shall be indemnified and saved harmless by the Customer against claims for libel, slander, fraudulent or misleading advertisements or infringement of copyright arising directly or indirectly from material transmitted over its facilities or the use thereof; against claims for infringement of patents arising from combining or using apparatus and systems of the Customer with facilities of the Company; and against all other claims arising out of any act or omission of the Customer in connection with the services and facilities provided by the Company.

2.3.3.2 The Company does not require indemnification from the Customer where the action for which it is seeking indemnification is based on a claim of negligence by the Company.

#### 2.3.4 Defacement of Premises

2.3.4.1 The Company is not liable for any defacement of, or damage to, the Customer's premises resulting from the furnishing of service or the attachment of equipment and facilities furnished by the Company on such premises or by the installation or removal thereof, when such defacement or damage is not the result of negligence of the Company. For the purpose of this paragraph, no agents or employees of the other participating carriers shall be deemed to be agents or employees of the Company except where contracted by the Company.

## 2 RULES AND REGULATIONS (continued)

### 2.3 Liability of the Company (continued)

#### 2.3.5 Facilities and Equipment in Explosive Atmosphere, Hazardous or Inaccessible Locations

2.3.5.1 The Company does not guarantee nor make any warranty with respect to installations provided by it for use in an explosive atmosphere. Company shall be indemnified, defended and held harmless by the Customer from and against any and all claims, loss, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the Customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any equipment or facilities or the service and not due to the gross negligence or willful misconduct of the Company.

#### 2.3.6 Service at Outdoor Locations

2.3.6.1 The Company reserves the right to refuse to provide, maintain or restore service at outdoor locations unless the Customer agrees in writing to indemnify and save the Company harmless from and against any and all loss or damage that may result to equipment and facilities furnished by the Company at such locations. The Customer shall likewise indemnify and save the Company harmless from and against injury to or death of any person which may result from the location and use of such equipment and facilities.

## 2 RULES AND REGULATIONS (continued)

### 2.3 Liability of the Company (continued)

#### 2.3.7 Warranties

2.3.7.1 THE COMPANY MAKES NO WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE, EXCEPT THOSE EXPRESSLY SET FORTH HEREIN.

2.3.7.2 Acceptance of the provisions of Section 2.3 by the Commission does not constitute its determination that any disclaimer of warranties or representations imposed by the Company should be upheld in a court of law.

#### 2.3.8 Limitation of Liability

2.3.8.1 Nothing in this tariff shall be construed to limit the Company's liability in cases of gross negligence or willful misconduct.

### 2.4 Application for Service

#### 2.4.1 Minimum Contract Period

2.4.1.1 Except as otherwise provided, the minimum contract period is one month for all services furnished. However, if a new residential or single line business Customer notifies the Company within twenty days after receipt of the first bill that certain services or equipment are not desired, the Company will delete such services or equipment from the Customer's account without a record keeping or service ordering charge. The Customer nonetheless shall be responsible for all monthly usage and installation charges incurred for the use of such service and equipment.

## 2 RULES AND REGULATIONS (continued)

### 2.4 Application for Service (continued)

2.4.1.2 Except as provided in 2.4.2.1, the length of minimum contract period for directory listings, and for joint user service where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to Customers to the day the succeeding directory is first distributed to Customers.

2.4.1.3 The Company may require a minimum contract period longer than one month in connection with special, non-standard types or arrangements of equipment, or for unusual construction, necessary to meet special demands for service.

### 2.4.2 Cancellation of Service

2.4.2.1 Where the applicant cancels an order for service prior to the start of the installation or special construction of facilities, no charge shall apply, except to the extent the Company incurs a service order or similar charge from a supplying carrier, if any, prior to the construction.

2.4.2.2 Where the installation of facilities, other than those provided by special construction, has been started prior to cancellation, the lower of the following charge applies;

2.4.2.2.A The total costs of installing and removing such facilities; or

2.4.2.2.B The monthly charges for the entire initial contract period of the service ordered by the Customer as provided in this tariff plus the full amount of any applicable installation and termination charges.

2.4.2.3 Where special construction of facilities has been started prior to the cancellation, and the Company has another requirement for the specially constructed facilities, no charge applies.

## 2 RULES AND REGULATIONS (continued)

### 2.5 Payment for Service

2.5.1 Service will be billed directly by the Company on a monthly basis and is due and payable upon receipt or as specified on the Customer's bill. Service will continue to be provided until canceled by the Customer or discontinued by the Company as set forth in Section 2.14 of this tariff.

2.5.2 The Customer is responsible for payment of all charges for service furnished to the Customer. Charges based on actual usage during a month will be billed monthly in the month following the month in which the service was used. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.

2.5.3 The Company reserves the right to require from an applicant for service advance payments of fixed charges and nonrecurring charges. The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated nonrecurring charges for the special construction. The advance payment will be applied to any indebtedness for the service and facilities for which the advance payment is made on the Customer's initial bill.

Advanced payments for installation costs or special construction will be credited on the first bill in their entirety.

2.5.4 If the Company provides service under a term plan (1,3,5 years, etc.) and (1) automatically renews the contract, and (2) imposes a penalty for early cancellation by the Customer, then the Customer shall be notified 60 days in advance of the Customer's current contract expiration date.

### 2.8 Customer Complaints and Billing Disputes

2.8.3 The Company provides the following toll free number (800-291-9699) for Customers to contact the carrier in accordance with COMAR 20.45.04.02.B.

2.8.4 The Company will not collect attorney fees or court costs from Customers.

### 2.9 Allowance for Interruptions in Service

2.9.1 Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided, or billed for, by the Company. The Carrier agrees to abide by the regulations associated with interruptions in service as specified by Code of Maryland Regulations 20.45.05.09 as amended from time to time.

### 2.10 Taxes and Fees

2.10.1 All state and local taxes and fees shall be listed as separate line items on the Customer's bill.

2.10.2 If a municipality, other political subdivision or local agency of government, or the Commission imposes and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, as allowed by law, be billed pro rata to the Customer receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.

2.10.3 Service shall not be subject to taxes for a given taxing jurisdiction if the Customer provides the Company with written verification, acceptable to the Company and to the relevant taxing jurisdiction, that the Customer has been granted a tax exemption.

### 2.11 Returned Check Charge

The charge for a returned check is \$25.

## 2 RULES AND REGULATIONS (continued)

### 2.14 Termination of Service: (continued)

#### 2.14.2. Denial of Service Requiring Notice

2.14.2.1 The Company may deny service for any of the following reasons provided it has notified the Customer of its intent, in writing, to deny service and has allowed the Customer a reasonable time of not less than 10 days in which to remove the cause for denial. The carrier being terminated will be given sixty (60) days to inform its Customers and migrate them to another carrier.

2.14.2.1.A Non-compliance with Regulations. For violation of or non-compliance with regulations contained in Code of Maryland Regulations 20.45.04, or for violation of or non-compliance with the Company's tariffs on file with the Commission.

2.14.2.1.B Failure on Contractual Obligations. For failure of the Customer to fulfill his contractual obligations for service or facilities subject to regulation by the Maryland Public Service Commission.

2.14.2.1.C Refusal of Access. For failure of the Customer to permit the Company to have reasonable access to its equipment.

### 2.14 Termination of Service: (continued)

#### 2.14.2. Denial of Service Requiring Notice (continued)

##### 2.14.2.1.D Non-payment of Bill.

2.14.2.1.D.1 For non-payment of a bill for service, provided that the Company has made a reasonable attempt to effect collection and has given the Customer written notice of its intent to deny service if settlement of his account is not made and provided the Customer has at least 5 days, excluding Sundays and holidays in which to make settlement before his service is denied.

2.14.2.1.D.2 In cases of bankruptcy, receivership, abandonment of service, or abnormal toll usage not covered adequately by a security deposit, less than 5 days notice may be given if necessary to protect the Company's revenues.

2.14.2.1.D.3 Except in cases where a prior promise to pay has not been kept or bankruptcy, receivership, abandoned service, or abnormal toll usage is involved, the Company may not deny service on the day preceding any day on which it is not prepared to accept payment of the amount due and to reconnect service.

2.14.2.1.D.4 Failure to Comply with Service Conditions. For failure of the Customer to furnish the service equipment, permits, certificates, or rights-of-way, specified by the Company as a condition to obtaining service, or if the equipment or permissions are withdrawn or terminated.

## 2 RULES AND REGULATIONS (continued)

### PROVISION OF SERVICE AND FACILITIES

#### 2.15 Unlawful Use of Service

2.15.1 Service shall not be used for any purpose in violation of law or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents, and permits. The Company shall refuse to furnish service to an applicant or shall disconnect the service without notice of a Customer when:

2.15.1.1 An order shall be issued, signed by a judge finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or

2.15.1.2 The Company is notified in writing by a law enforcement agency acting within its jurisdiction that any facility furnished by the Company is being used or will be used for the purpose of transmitting or receiving gambling information in interstate or foreign commerce in violation of the law.

2.15.2 If service has been physically disconnected by law enforcement officials at the Customer's premises and if there is not presented to the Company the written finding of a judge, then upon written or verbal request of the subscriber, and agreement to pay restoral of service charges and other applicable service charges, the Company shall promptly restore such service.

#### 2.16 Interference with or Impairment of Service

Service shall not be used in any manner that interferes with other persons in the use of their service, prevents other persons from using their service, or otherwise impairs the quality of service to other Customers. The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others or impairing the service of others.

2 RULES AND REGULATIONS (continued)

2.17 Telephone Solicitation by Use of Recorded Messages

2.17.1 Service shall not be used for the purpose of solicitation by recorded messages when such solicitation occurs as a result of unrequested or unsolicited calls initiated by the solicitor by means of automatic dialing devices. Such devices, with storage capability of numbers to be called or a random or sequential number generator that produces numbers to be called and having the capability, working alone or in conjunction with other equipment, of disseminating a prerecorded message to the number called and which are calling party or called party controlled, are expressly prohibited.

2.18 [Reserved for Future Use]

2.19 Overcharge/Undercharge

2.19.1 Overcharge/undercharge provisions will be in accordance with COMAR 20.45.04.01.

### 3 DESCRIPTION OF SERVICES

#### 3.1 General

3.1.1 Switched Access Service, which is available to Customers for their use in furnishing their services to End Users, provides a two-point communications path between a Customer's Premises and an End User's Premises. It provides for the use of common terminating, switching and trunking facilities, and for the use of common subscriber plant of the Company. Switched Access Service provides for the ability to originate calls from an End User's Premises to a Customer's Premises and to terminate calls from a Customer's Premises to an End User's Premises in the LATA where it is provided.

3.1.2 When a rate as set forth in this tariff is shown to more than two decimal places, the charges will be determined using the rate shown. The resulting amount will then be rounded to the nearest penny (i.e., rounded to two decimal places).

3.1.3 In the absence of an ASR as described in Section 3.4, delivery of calls to, or acceptance of calls from, the Customer's End User location(s) via Company-provided switched access services shall constitute a Constructive Order and an agreement by the Customer to purchase the Company's switched access services as described and priced herein.

3.1.4 The Company's Local Exchange Calling Area is the same area as defined by Verizon-Maryland in tariffs currently on file with the Commission, as amended from time to time.

#### 3.2 Manner of Provision

3.2.1 Switched Feature Group (FG) Access is furnished for originating and terminating calls by the Customer to its End User. FG Access is furnished on a per-line or per trunk basis.

3.2.2 Originating traffic type represents access capacity within a LATA for carrying traffic from the End User to the Customer; and Terminating traffic type represents access capacity within a LATA for carrying traffic from the Customer to the End User. When ordering capacity for FG Access, the Customer must at a minimum specify such access capacity in terms of originating traffic type and/or terminating traffic type.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.2 Manner of Provision (continued)

3.2.3 Feature Group Access is provisioned, at minimum, at the DS-1 level and provides line-side or trunk-side access to End Office switches, for the Customer's use in originating and terminating communications. Basic FG Access service will be provided with Multi-Frequency In Band Signaling (SS7 is also available, where capabilities exist).

3.2.4 Two types of Feature Group Access are available:

- 1) Tandem Connect Access: This option applies when the Customer has no direct facilities to the Company. All traffic is routed to and from Company's End Office via the Customer's tandem provider. Delivery of calls to, or acceptance of calls from, the Customer's End User location(s) via Company-provided Tandem Connect Access services shall constitute a Constructive Order and an agreement by the Customer to purchase the Company's switched access services as described and priced herein.
- 2) Direct Connect Access: The Company will provide dedicated transport facilities between the Customer's premises and a Company End Office. This transmission path is dedicated to the use of a single Customer. The Company requires the Customer to submit an ASR or comparable documentation for Direct Connect Access.

#### 3.3 Service Description

##### 3.3.1 Call Types

The following Switched Access Service call types are available:

- A. Originating 101XXXX FG Access
- B. Originating 800 FG Access
- C. Terminating FG Access

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.3 Service Description (continued)

##### 3.3.1 Call Types (continued)

###### Originating 101XXXX FG Access

The access code for FG Access switching is a uniform access code of the form 101XXXX. A single access code will be the assigned number of all FG Access provided to the Customer by the Company. When the access code is used, FG Access switching also provides for dialing the digit 0 for access to the Customer's operator service, 911 for access to emergency service, and/or the end of dialing digit (#) for cut-through access to the Customer's premises. Originating service may also be available on a presubscription basis whereby the access code is not required (i.e., "1+" dialing).

###### Originating 800 FG Access

800 Data Base Access Service is a service offering utilizing originating Trunk side Switched Access Service. When an 8XX + NXX + XXXX call is originated by an End User, the Company will perform Customer identification based on screening of the full ten-digits of the 8XX number to determine the Customer location to which the call is to be routed.

###### Terminating FG Access

FG Access, when used in the terminating direction, may only be used to access end users who are subscribing to the Company's Local Exchange Services. Calls in the terminating direction will not be completed to 950-0XXX or 950-1XXX access codes, local operator assistance (0- and 0+), Directory Assistance, (411 or 555-1212) service codes 611 and 911 and 101XXXX access codes.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.3 Service Description (continued)

3.3.2 There are Five rate categories which apply to Switched Access Service:

Common Line

The Common Line rate category establishes the charges related to the use of Company-provided end user common lines by Customers and end users for intrastate access.

Switched Transport

The Switched Transport rate category establishes the charges related to the transmission and tandem switching facilities between the Customer designated premises and the end office switch(es) where the Customer's traffic is switched to originate or terminate the Customer's communications. The Switched Transport rate category also includes transport between an end office which serves as host for a remote switching system or module (RSS or RSM) and the RSS or RSM.

End Office Switching

The End Office Switching rate category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end user lines, the terminations of calls at Company Intercept Operators or recordings, the Signaling Transfer Point (STP) costs, and the SS7 signaling function between the end office and the STP.

#### 3.4 Access Ordering

##### 3.4.1 General

- A. Customers may order switched access through a Constructive Order, as defined herein, or through an ASR. The format and terms of the ASR will be as specified in the Industry Access Service Order Guidelines, unless otherwise specified herein.
- B. A Customer may order any number of services of the same type and between the same premises on a single ASR. All details for services for a particular order must be identical.
- C. The Customer shall provide all information necessary for the Company to provide and bill for the requested service. When placing an order for Access Service, the Customer shall provide the following minimum information:
  - (a) Customer name and Premises address(es);
  - (b) Billing name and address (when different from Customer name and address); and
  - (c) Customer contact name(s) and telephone number(s) for the following provisioning activities: order negotiation, order confirmation, interactive design, installation and billing.

##### 3.4.2 Access Service Date Intervals

- A. Access Service is provided with Standard or Negotiated Intervals
- B. The Company will specify a firm order confirmation date and Service Commencement Date contingent on the ASR being complete as received. To the extent the Access Service can be made available with reasonable effort, the Company will provide the Access Service in accordance with the Customer's requested interval, subject to the following conditions:
  - (a) For service provided under a Standard Interval: The Standard Interval for Switched Service will be sixty (60) business days from the Application Date. This interval only applies to standard service offerings where there are pre-existing facilities to the Customer Premises. Access Services provided under the Standard Interval will be installed during Company business hours.
  - (b) For service provided under a Negotiated Interval: The Company will offer a Service Date based on the type and quantity of Access Services the Customer has requested. The Negotiated Interval may not exceed by more than six months the Standard Interval Service Date, or, when there is no Standard Interval, the Company offered Service Date, except as otherwise agreed by the Company in writing. The Company will negotiate a Service Date interval with the Customer when:

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.6 Obligations of the Company

3.6.1 With regard to access services provided by American Long Lines, specific Company responsibilities include, but are not limited to the following:

(a) Network Management

The Company will administer its network to ensure provision of acceptable service levels to all telecommunications users of the Company's network services. Generally, service levels are considered acceptable only when both End Users and Customers are able to establish connections with minimal delay encountered within the Company network. The Company maintains the right to apply protective controls, i.e., those actions, such as call gapping, which selectively cancel the completion of traffic, to any traffic carried over its network, including that associated with a Customer's Switched Access Service. Generally, such protective measures would only be taken as a result of occurrences such as a failure or overload of Company or Customer facilities, natural disasters, mass calling or national security demands.

##### 3.6.1 (continued)

###### (b) Design and Traffic Routing of Switched Access Service

The Company shall design and determine the routing of Switched Access Service, including the selection of the first point of switching and the selection of facilities from the interface to any switching point and to the End Offices. The Company shall also decide if capacity is to be provided by originating only, terminating only, or two-way trunk groups. Finally, the Company will decide whether trunk side access will be provided through the use of two-wire or four-wire trunk terminating equipment.

Selection of facilities and equipment and traffic routing of the service are based on standard engineering methods, available facilities and equipment and the Company's traffic routing plans. If the Customer desires different routing or directionality than that determined by the Company, the Company will work cooperatively with the Customer in determining (1) whether the service is to be routed directly to an end office or through an access tandem switch and (2) the directionality of the service.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.7 Obligations of the Customer (continued)

3.7.1 The Customer has certain specific obligations pertaining to the use of Switched Access Service.

##### A. Jurisdictional Reports

##### 1. Percent Interstate Usage (PIU)

(a) Pursuant to Federal Communications Commission Order FCC 85-145 adopted April 16, 1985, interstate usage is to be developed as though every call that enters a Customer network at a point within the same state as that in which the called station (as designated by the called station number) is situated is an intrastate communication and every call for which the point of entry is in a state other than that where the called station (as designated by the called number) is situated is an interstate communication.

(b) When a Customer initially orders Switched Access service, the Customer shall state in its order the Percentage Interstate Usage (PIU) on a statewide, LATA or billing account number level (at the option of the Customer) on a local exchange company specific basis, separately for each of the following:

FGA  
FGB  
FGD

###### 1. Percent Interstate Usage (PIU) (continued)

(b)

For FGA, FGB, FGD, 500, 700, 8XX Toll Free, and 900, this PIU will be applicable to all flat and minute of use based rate elements, as applicable. In the event the Customer does not supply the projected PIU and the Company does not have sufficient call detail to determine the jurisdiction of the call, then a PIU of 50 percent will be applied.

The PIU factor provided for flat-rated services shall reflect the combination of all traffic types which transverse such facility category.

Additionally, upon employing the 700 Access Code over FGD, the Customer must provide the Company the PIU for the 700 calls. A PIU of less than 100 percent is not allowed in those LATAs where the service is not also available as an intrastate access service.

Each quarter the Customer shall furnish to the Company a report of the PIU on a statewide, LATA or billing account number level (at the option of the Customer) on a local exchange company specific basis, separately for each of the following:

(c) When the Customer computes the PIU it shall subtract the developed percentage from 100 and the difference is the percent intrastate usage. The sum of the interstate and intrastate percentages shall equal 100 percent.

2. For multiline hunt group or trunk group arrangements where either the interstate or the intrastate charges are based on measured usage, the interstate FGA and/or FGB information reported as set forth in paragraph 1 above will be used to determine the charges as follows:

(a) For all groups, the number of access minutes (either the measured minutes or the assumed minutes) for a group will be multiplied by the projected interstate percentage to develop the interstate access minutes. The number of access minutes for the group minus the projected interstate access minutes for the group will be the developed intrastate access minutes.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.7 Obligations of the Customer (continued)

##### 3.7.1 (continued)

###### A. Jurisdictional Reports (continued)

3. When a Customer initially orders FGD, the Customer shall state in its order the Percentage Interstate Usage (PIU). When a Customer orders FGD, 500, 8XX Toll Free or 900, the Company, where the jurisdiction can be determined from the call detail, will determine the interstate percentage as follows. For originating access minutes, the interstate percentage will be developed on a monthly basis by end office when the FGD, 500, 8XX Toll Free or 900 access minutes are measured by dividing the measured interstate originating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total originating access minutes when the call detail is adequate to determine the appropriate jurisdiction. When originating call details are insufficient to determine the jurisdiction for the call, the Customer shall supply the projected interstate percentage or authorize the Company to use the Company developed percentage. In the event the Customer does not supply the projected PIU and the Company does not have the sufficient call detail to develop a PIU, than a PIU of 50 percent shall be used by the Company as the interstate percentage for such call detail.

#### 3.7 Obligations of the Customer (continued)

##### 3.7.1 (continued)

###### A. Jurisdictional Reports (continued)

###### 3. (continued)

As indicated herein, the Customer must supply the interstate PIU on a statewide, LATA or billing account number level for terminating FGD service. The PIU supplied shall be on a local exchange company specific basis. All Customers must supply the interstate PIU for terminating FGD service following the criteria set forth in this tariff. The Company will designate the number obtained by subtracting the interstate percentage for originating and terminating access minutes calculated by the Company from 100 (100 - Company calculated projected interstate percentage = intrastate percentage) as the projected intrastate percentage of use. A PIU of less than 100 percent is not allowed in those LATAs where the interstate service is not also available in the appropriate intrastate access tariff.

4. For usage originating from or terminating to an end office that is located in a state that is part of a LATA of a different state (cross boundary), the Customer shall provide a statewide PIU per service type for the state where the end office is physically located. The Company will apply this state level PIU when the call detail is insufficient to determine the appropriate jurisdiction of the call. In the event the Customer does not supply the projected state level PIU and the Company does not have the sufficient call detail to develop a PIU, than a PIU of 50 percent shall be used by the Company as the interstate percentage for such call detail.

#### 3.7 Obligations of the Customer (continued)

##### 3.7.1 (continued)

###### A. Jurisdictional Reports (continued)

5. For Billing Name and Address for ANI service, the Customer shall state in its initial order the projected PIU factor. PIU information shall also be furnished quarterly to the Company thereafter. The Billing Name and Address for ANI PIU factor shall be reported as required herein.
6. Effective on the first of January, April, July and October of each year the Customer shall update the interstate and intrastate jurisdictional report, except where Company Measured Access minutes are used as set forth in 3. preceding. The Customer shall forward to the Company, to be received no later than 30 days after the first of each such month, a revised report or letter for all services showing the interstate and intrastate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate use. The revised report or letter will serve as the basis for the next three months' billing and will be effective on the bill date for that service. If the Customer does not supply an updated quarterly report or letter, the Company will assume percentages to be the same as those provided in the last quarterly report or letter accepted by the Company. If an audit has been completed and an updated quarterly report or letter has not been submitted subsequent to the audit, the Company will assume the PIU factors to be the most recent audited results. For those cases in which a quarterly report or letter has never been received from the Customer, the Company will assume the PIU factors to be the most recent audit results, to be the same as provided in the order for service if no audit has been performed, or 50 percent.

##### 3.7.1 (continued)

###### A. Jurisdictional Reports (continued)

7. The Customer may also report Percent Intrastate InterLATA (PIL) and Percent Common Line (PCL) factors. In the event the Customer does not supply the projected PIL, and the Company does not have sufficient call detail to determine the jurisdiction of the call, then a PIL of 75 percent will be applied. In the event the Customer does not supply the projected PCL, then a PCL of 100 percent will be applied.

###### B. Jurisdictional Report Verification

1. When a Customer provides a projected interstate usage percent as set forth preceding, or when a billing dispute arises or a regulatory commission questions the projected interstate percentage for Access, the Company may, by written request, require the Customer to provide the data the Customer used to determine the projected interstate percentage. This written request will be considered the initiation of the audit. The Customer shall supply the data to an independent auditor or the Company within 30 days of the Company request. The Customer shall keep records of call detail from which the percentage of interstate and intrastate use can be ascertained as set forth following and upon request of the Company make the records available for inspections at an agreed upon location during normal business hours as reasonably necessary for purposes of verification of the percentages. The Company will audit data from one quarter unless a longer period is requested by the Customer and agreed to by the Company.

##### B. Jurisdictional Report Verification (continued)

1. Changes to the reported PIU will not be made for the test period. If the Customer does not provide the requested data to the Company or independent auditor within thirty (30) days of the notice of audit, the Customer will be in violation of this tariff and subject to the remedies described herein.
2. Verification audits may be conducted no more frequently than once per year except in extreme circumstances. The Company and Customer will attempt to limit the audit to a reasonable time to effectively complete the audit. The Company and Customer shall respond promptly to requests generated during the audit to ensure timely completion of the audit.
3. Audits may be conducted by: (a) an independent auditor under contract to the Company; (b) a mutually agreed upon independent auditor; or (c) an independent auditor selected and paid for by the Customer. If the Customer selects option (c), where it pays for its own independent audit, the selected auditor must certify that the audit was performed following F.C.C. procedures for measuring interstate traffic as established by Commission Order, and provide to the Company a report with supporting documentation to verify such procedures.

#### D. PIU Audit Results

1. Audit results will be furnished to the Customer via Certified U.S. Mail (return receipt requested). The Company will adjust the Customer's PIU based upon the audit results. The PIU resulting from the audit shall be applied to the usage for the quarter the audit is completed, the usage for the quarter prior to completion of the audit, and the usage for the two (2) quarters following the completion of the audit. After that time, the Customer may report a revised PIU pursuant to A. preceding. If the revised PIU submitted by the Customer represents a deviation of 5 percentage points or more, from the audited PIU, and that deviation is not due to identifiable reasons, the provisions in B. preceding may be applied.
2. Both credit and debit adjustments will be made to the Customer's interstate access charges for the specified period to accurately reflect the interstate usage for the Customer's account consistent with the provisions set forth herein.
3. If, as a result of an audit conducted by an independent auditor, a Customer is found to have over-stated the PIU by 20 percentage points or more, the Company shall require reimbursement from the Customer for the cost of the audit. Such bill (s) shall be due and paid in immediately available funds 30 days from receipt and shall carry a late payment penalty as set forth herein if not paid within the 30 days.

3. Prior to the arbitration hearing, each party shall notify the arbitrator of the PIU percentage which that party believes to be correct. The arbitrator, in deciding, may adopt the PIU percentage of either party or may adopt a PIU percentage different from those proposed by the parties. If the arbitrator adopts a PIU percentage proposed by one of the parties, the other party (whose PIU percentage was not adopted) shall pay all costs of the arbitration. If the arbitrator adopts a PIU percentage higher than either of the PIU percentages proposed by the parties, then the party proposing the lower PIU percentage shall pay all costs of the arbitration. If the arbitrator adopts a PIU percentage lower than either of the PIU percentages proposed by the parties, then the party proposing the higher PIU percentage shall pay all costs of the arbitration. If the arbitrator adopts a PIU percentage which falls between the two percentages adopted by the parties, then the parties shall each pay one-half of the arbitration costs.
  
4. Absent written notification, within the time frame noted above, the Customer must comply with the provisions set forth herein. If the Customer fails to comply with these provisions, the Company may refuse additional applications for service and/or refuse to complete any and all pending orders for service or may discontinue the provision of the services to the Customer as specified herein.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.8 Billing Name and Address

##### 3.8.1 Service Description

Billing Name and Address (BNA) service provides account detail of the Company's Customers to interexchange carriers, operator service providers, enhanced service providers, and any other provider of interexchange telecommunications services.

##### 3.8.2 General

- A. Upon acceptance of an order for BNA service, the Company will furnish account detail for each working number submitted. Account detail consists of current data base information including the end user's billing name and billing address.
- B. Only current information which resides in the Company's data base will be provided. Customers ordering BNA service must accept BNA account detail on an "as is" basis.
- C. The Company will specify the location where requests for BNA service are to be received, and the format in which the requests are to be provided.
- D. The subscribing Customer must agree that BNA information will not be resold or otherwise provided to any other person, corporation, partnership or entity, other than Customer's authorized billing agent, and that Billing Name and Address shall be used by Customer or Customer's authorized billing agent solely for:
  - 1. Billing its Customers for using Customer's telecommunications services.
  - 2. Any purpose associated with the equal access requirement of *United States v. AT&T*, 552 F. Supp. 131 (D.D.C. 1982).
  - 3. Verification of service orders of new Customers, identification of Customers who have moved to a new address, fraud prevention, and similar nonmarketing purposes.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.8 Billing Name and Address (continued)

##### 3.8.2 General

- E. For calling card calls and collect and third party billed calls, Billing Name and Address for ANI service is not available on accounts of non-published/unlisted end users who, by request to the Company (which request may be submitted at any time), have specified that such information not be released.
- F. Manual Request
  - 1. At the Customer's option, the Company will provide BNA via manual request procedures.
  - 2. BNA service information will be provided by the Company in standard paper format via facsimile or first class U.S. mail.
  - 3. Wherever possible, the Company will provide Billing Name and Address for ANI data no later than ten (10) business days from the date of receipt of the Customer's request. Availability of data may be delayed if errors exist in the request received from the Customer.
  - 4. In situations where the Customer requests more than forty (40) BNA records on a single order, the Company will provide the requested BNA information in a time frame mutually agreed to by the Customer and the Company.

### 3 DESCRIPTION OF SERVICES (continued)

#### 3.8 Billing Name and Address

##### 3.8.3 Rate Regulations

The number of BNA records for which charges apply will be accumulated by the Company, and billed to the Customer on a monthly basis at the rates set forth in 3.8.4 following.

#### 3.9 Trial Services

3.9.1 The Company may offer new services, not otherwise tariffed, from time to time on a trial basis subject to Commission approval. Such trials are limited to a maximum of six months at which time the trial offering must be either withdrawn or made available on permanent basis.

#### 3.10 Promotional Offerings

3.10.1 The Company may offer existing services on a promotional basis, subject to Commission approval, that provides special rates, terms, or conditions of service. Promotional offerings are limited to a maximum of six months at which time the promotional offering must be either withdrawn or made available on a permanent basis. All promotions, regardless of whether services are given away for free, are subject to Commission approval.

#### 3.11 Individual Case Basis ("ICB") Offerings

3.11.1 The tariff may not specify the price of a service in the tariff as "ICB". The Company may or may not have an equivalent service in its the tariff on file with the Commission, and the quoted ICB rates may be different than the tariffed rates. An ICB must be provided under contract to a Customer and the contract filed (can be under seal) with the Commission. All Customers have non-discriminatory access to requesting the service under an ICB rate.

## 4 RATES AND CHARGES

### 4.1 Calculation of Rates

- 4.1.1 When recording originating calls over FG Access with multi-frequency address signaling, usage measurement begins when the first wink supervisory signal is forwarded from the Customer's facilities. The measurement of originating call usage over FG Access ends when the originating FG Access entry switch receives disconnect supervision from either the originating End User's End Office (indicating that the originating End User has disconnected), or from the Customer's facilities, whichever is recognized first by the entry switch.
- 4.1.2 For terminating calls over FG Access with multi-frequency address signaling, the measurement of access minutes begins when a seizure signal is received from the Carrier's trunk group at the Point of Presence within the LATA. The measurement of terminating call usage over FG Access ends when a disconnect signal is received, indicating that either the originating or terminating user has disconnected.
- 4.1.3 When recording originating calls over FG Access with SS7 signaling, usage measurement begins with the transmission of the initial address message by the switch for direct trunk groups and with the receipt of an exit message by the switch for tandem trunk groups. The measurement of originating FG Access usage ends when the entry switch receives or sends a release message, whichever occurs first.
- 4.1.4 For terminating calls over FG Access with SS7 signaling, the measurement of access minutes begins when the terminating recording switch receives the initial address message from the terminating End User. On directly routed trunk groups or on tandem routed trunk groups, the Company switch receives the initial address message and sends the indication to the Customer in the form of an answer message. The measurement of terminating FG Access call usage ends when the entry switch receives or sends a release message, whichever occurs first.
- 4.1.5 There is no variation in call rates based on time of day or day of week.
